MEMORANDUM FOR THE RECORD

SUBJECT: Federal Retiree of the Year Award

STATINTL

[REDACTED] checked with OPM to determine the current status of this award. Mr. Brengel's office advised that no official announcements have been made but that they have learned unofficially that AARP has new officers who are only "lukewarm" about continuing the award program. They are more concerned about protecting retiree benefits than making awards at this time. OPM will advise when a decision is made either to go ahead with the award or cancel it.
